WE NEED YOUR HELP TO EXPAND THIS GUIDE

Do you have any great bird ID photos that we can add to this guide?

If so please email them to info@wanowandthen.com

All pictures chosen to be part of this guide will include the name of the photographer.

NOTE

This guide is sorted in alphabetical order by common name. The common names are organised by bird type. Ie. Duck Australian Wood, Dusk Musk etc. I have taken liberties by splitting up names like Swamphen, these become Hen Swamp to make sorting easier.

DISCLAIMER

While every effort is made to correctly identify birds in this booklet, mistakes can be made. If you spot one please email us at info@wanowandthen.com and we will correct it. Thanks!
